Letter no Ab.2195/44-45-87-9-45 from the Dy Comm Chitaldrug Dt forwarding a report in the matter

The report furnished by the Dy Comm Chitaldrug Dt is submitted for perusal

It is stated that the limits of the Davangere Town mcp. was extended during the year 1943 & that the representation of the Company to exclude the area occupied by the Vegetable oil Co from the limits of the mcp. cannot be accepted as all possible facilities are being provided to them & the taxes levied cannot be remitted.

The D C further states that it is proposed to construct a market in the vacant land lying between the Town & the mill area & that if it is completed, the mill area will become contiguous to the Town.

As regards the difficulty in getting licenses complained of by the mill authorities, the D.C has stated that necessary instructions will be issued to the Asst Dist Magte dealing with the matter with reference to Para 1 supra

The Mill premises of our Company are situated to the east of Davangere Town Municipal area When the Mill buildings were built originally, the mill premises were not included in the Municipal area When the Municipality originally proposed to extend the Municipal area, the Company was not in any way consulted in the matter Subsequently the Municipal area has been extended so as to include the entire mill area covering an extent of about 40 acres The Company could not object the extension of the Municipal area as they had no idea about the ma

2. The Municipality has included the mill area within their mu area from January 1944 and had proposed to levy building tax on all th buildings in the Mill area We no doubt objected to the levy of the x on various grounds Inspite of the objection, the Municipality h levied the tax on buildings, the general water tax and the Sanitary cess and Excise cess

3 There is no water main near the mills The nearest water mai is at a distance of about 1¼ miles from the mill premises It is very doubtful if the Municipality will be able to supply all the drinking water required in the mill premises There seems to be no immediate possibili of their doing so It is out of question to expect any supply of water for our Industrial purposes We have invested large sums of money and made our own arrangements for the supply of water to the several quarters and the coolies in the mill area There is no immediate prospect of the

of the Municipality laying any water mains near the mill premises for supplying drinking water to the mill area The extra ordinary arrangements now made by the Mills for their water requirements will clearly show that the Municipality cannot at all meet our requirements of water

4 The Mills have been ~~x~~ consuming and will be consuming large quantities of energy and have their own power lines from the Power house to the various parts of the mill area The Mills have made the own arrangements for lighting to the several buildings and providing lights in the quarters to their mill staff and the entire premises here and there The Municipality will not be in a position to provide any of these requirements, in view of the arrangements already existing We are not in need of any help in this direction

5 As the Mill area is situated far away from the town at a dista of about 1½ miles from the main portion of the town and as it will not be possible for the municipality to provide any other amenities to the mill area just as they provide for the people in the town proper, and the Municipalty~~x~~ has not provided the least amenities possible as yet the mill area, as it was obligatory on their part to do the obligatol duties defined in section 55 of the Town Municipal Act before the levy of the taxes, we feel it necessary that the Municipal Council may ~~be~~ directed not to levy the taxes, they have now done inspite of our prote

this Company in the matter of construction of each unit of buildings may differ and there may be difficulties in the way of getting permission each time Failure to take permission will be an offence under Municipal law It will therefore be a great hardship for the administration of the mill area by the Company to go on waiting for such permissions

7 Experiences of Industrial Concerns in all big municipalities seem to have shown that it is better that Industrial concerns will have their own scheme of Municipal administration for the particular Industrial areas according to their own conveniences The Industrial concerns cannot hope to have what all they want by depending upon other institutions like municipalities who are controlled by various statutes in their administration The municipalities will not have a continued policy of their own Their policies many times change with each term of Council formation, once in three years It will be difficult to adjust to the whims and fancies of the authorities of each term of Council Some times, the local bodies will be full of their own local policies and the Company will find it hard to adjust to these charges On the whole, it is necessary that the mills area of the company is excluded from the town Municipal area of Davangere

8 We therefore humbly pray that the Government be pleased to consider all the above aspects and arrange for the exclusion of the Mill area of our Company from the Davangere Town Municipal area as constituted at present

Subject, Excluding the area occupied by the Davangere Vegetable oil Co, from the Municipal Area

Sir,

With reference to your letter No L 8564 dated 27-2-1945 enclosing letter No 4/2286 dated 2-2-1945 received from the management of the Davangere Vanaspathi vegetable oil Col,Ltd,, Davangere,on the above subject, I have the honour to state that the President,Town Municipal Council,Davangere,in his No 148/44-45 dated 6-6-1945 has reported that the limits of Davangere Municipality were extended beyond the Mill area as per Government Notification No L 5405 M1 89-43-6 dated 24-11-1943 and that the objections raised by the Mill authorities at this distance of time are not tenable He has further stated that all possible facilities are being provided and the taxes levied cannot be remitted

The boundaries of Davangere Municipality were extended beyond the Mill area so far back as 24-11-1943 The objections raised by the Mill Authorities in their letter dated 2-2-1945 cannot be considered at this distance of time Between the town and the Mill area there is the vacant land where the Regulated Market is proposed to be constructed After the Regulated Market is constructed,the Mill area will become contigueus to the town The argument that it is difficult to obtain licenses is not acceptable,since there were no cases of refusel or delay so far The Municipal council will be instructed to provide reasonable amenities to this area The exclusion of the Mill area from the jurisdiction of the Local Municipality is not desirable

The Mill authorities and the President have both explained their position to the Minister for Agriculture during his recent visit to Davangere

The entire records ending with letter No 148/44-45 dated 6-4-45 received from the President,Town Municipal Council,Davangere are enclosed herewith for favour of reference The letter dated 2-2-45 received from the Mill authorities is also enclosed

I have the honour to be,

Sir,

With reference to your letter No.A 6.2195/44-45 forwarding copy of letter No L.8564 dated 27th February 1945 from the Secretary to Government of Mysore together with a letter No 4/2286 dated 2nd February 1945 received from the Management of Vanaspathi Vegetable Oil Company Ltd, Davangere, praying that the company area may be excluded from the jurisdiction of local Municipality, I have the honour to state that under sections 4(1) and 7 (3) of the Town Municipalities Act 1933 and as per Government notification No L 5405-Ml/89-43-6 dated 24th November 1943 the limits of this Municipality have been extended beyond the Mill area (on the grounds that no objections were received)

Now the above company have given their objections to exclude the mill area from the jurisdiction of the municipality for the reasons that all amenities have not been provided Thier objections are not tenable at this distance of time

On a similar application of the Managing Agents Cotton Mills Ltd, Davangere the Municipal Council at its meeting held on 26-5-1945 have approved the resolution of the Standing Committee that, as the mill area has been included in the limits of this Municipality nd all possible facilities are being provided to the mill area the taxes cannot be remitted The same resolution holds good in this case also

A copy of the resolution is herewith sent for kind perusal The enclosures are herewith returned.
